Le tinte del campionario sono indicative. Nell'impiego del prodotto si possono riscontrare differenze dovute al diverso assorbimento dei supporti, alla diluizione ed alle tecniche di applicazione adottate. / Colours in the chart are indicative. While using the product, differences may arise because of the different absorption of the substrates, the dilution, and application techniques. / Les tonies de l'échantillonnage sont indicatives. Dans l'emploi du produit on peut relever des différences dues à la différente capacité d'absorption des supports, à la dilution et aux techniques d'application adoptées. / Los colores del muestrario son indicativos. En el empleo del producto se pueden relevar diferencias debidas a la distinta absorcion de los soportes, a la dilucion y a las tecnicas de aplicacion adoptadas. / Цвета в образцах ориентировочные. При нанесении колерованного материала возможно различие в цвете, в зависимости от применяемого грунтового слоя, разбавления продукта и техники нанесения.
